Subject: Status of ORC Review of Permits

At the end of every week, I'm going to give you guys a quick summary of what is in ORC for review. That way, if a permit gets lost or dropped, you can let me know. Here's this week's list:

In ORC for review:

Non-Responsive – due to requester agreement

John Day Permit/Lower Columbia Fact Sheet – I'll start review early next week

ORC has completed review of the following:

Non-Responsive – due to requester agreement

Non-Responsive – due to requester agreement

As an FYI, towards the middle to end of next week, I'm going to get started drafting expect this will take up the majority of my time during that period.

Non-Responsive – due to requester agreement
